

27th February, 1958.

Dear Hurst,

Thanks for your note. I have not attended the British Association in recent years, though I always used to enjoy Section H. Usually I spend a week or two at my sister's in Argyll, and this should facilitate at least my looking in on the Glasgow meeting, but I am not inclined to undertake any duties with respect to it. I do not see why I should <sup>not</sup> be in Fraser Roberts' audience.

Sincerely yours,
